1. It is reported that the Communist Party in Trieste and in Venezia Giulia is busy selecting party members born in Trieste and Venezia Giulia to replace those non-resident functionaries who may have to leave when the region comes under international control.
2. For the same reason, Party headquarters are reported to have been transferred to Kopar, Capo d'Istria. This choice was made because of the availability of excellent communications with Trieste and Zona "A" and because of its accessibility from the sea. Propaganda leaflets and articles are at present being printed there for future distribution.
3. All important undercover sections of BNGO (Pokrajinski Narodno Osobodilno Odbor) are also being transferred to Capo d'Istria. Important OZNA agents will continue to operate in Trieste as members of various cultural, welfare, and anti-Fascist societies.
